REVISED MAYES PROPOSED AMENDMENT NO. 1

TIME/DATE PREPARED: November 19, 2010

COMPANY: AZ Corporation Commission

AGENDA ITEM NO. U-28

DOCKET NO(S). E-00000D-09-0020

OPEN MEETING DATE: 11-22-10

Page 8, line 3.5, INSERT New Finding of Fact: "The Commission is mindful of the interest in Arizona's abundant supply of renewable energy, and the potential for these energy resources to be tapped by surrounding states to meet their RPS obligations. We would like the utilities to jointly conduct or procure a study, as well as a stakeholder workshop, to identify the barriers to and solutions for enhancing Arizona's ability to export renewable energy, including identifying specific transmission corridors that should be built out in order to accomplish this objective. The study and results of the workshop should be filed at the Commission no later than November, 2011, and shall be included as part of the 2012 BTA."

Page 8, line 18, INSERT New Ordering Paragraph: "IT IS FURTHER ORDERED that the jurisdictional utilities shall jointly conduct or procure a study, as well as conduct a stakeholder workshop process in conjunction with the study, which identifies the barriers to and solutions for enhancing Arizona's ability to export renewable energy, including identifying specific transmission corridors that should be built out in order to accomplish this objective. The study and results of the workshop shall be filed at the Commission no later than November 1, 2011 and shall be included as part of the 2012 BTA."

Make all conforming changes.
